3.2 Ordinance on the Restriction of Smoking with the Village Limits-

Councilor Douglas read the statement as follows:

I am a retired physician. I acknowledge my bias up front. I have personally witnessed the devastating effects of smoking on health. This ordinance was carefully and thoughtful written. All employees have known for months about the proposed ordinance and a very comprehensive "stop smoking" program has been implemented. This effort could have major impact on our employees' health and future cost of medical insurance. I do not view this ordinance as "big brother" trying to take away individual rights but rather efforts to help employees take a serious look at beneficial life style changes. It makes no sense to have an ordinance that bans smoking on public property and then designate a "smoking area". I encourage Council to implement this ordinance as written.

Calvin discussed the proposed ordinance updates requested by Council stating on page 3 of ordinance-

Notwithstanding the foregoing, smoking is not prohibited on local government owned, leased or occupied roads, rights of way, beaches or beach accesses.

Calvin reviewed the Smoking Personnel Policy as read:

Pursuant to Article 23 of the Village Code of Ordinances, smoking is prohibited in any Local Government Building, on any Local Government Grounds, in any Local Vehicle and in any Public Place, as defined in the Ordinance. All Village employees shall abide by these restrictions. Additionally, all Village employees shall, while on duty, refrain from smoking while in the view of the general public and while actively engaged in duty with the general public, including, without limitation, in meetings or on fire, emergency or police calls or activities where smoking may compromise safety

Failure to comply with this policy may result in a civil fine pursuant to Article 23 of the Village Code of Ordinances or immediate disciplinary action. Nothing herein shall be construed as inconsistent with N.C.G.S. 95-28.2.

Councilor Morris stated concerns with enforcement of the Smoking Ordinance.

Councilor Pitera agreed and stated this ordinance would be unenforceable. Mayor Lammert asked Calvin to explain the ordinance. Mayor Pro Tempore Sayre questioned the statement. Attorney Baldwin stated the S.P.S.G. continues to serve as a resource and is a private group of individuals who have researched and offered their time on these issues with an indefinite time basis. Mayor Lammert

disagreed with Attorney Baldwin and stated the group was not set up like that and all issues have been completed. Mayor Pro Tempore Sayre stated his concerns with Mayor Lammert and the disbandment of the committee and stated his disapproval. At that time, Councilor Douglas agreed to withdraw his motion in lieu of the letter.

Calvin explained the memo on golf cart coverage as stated below:

Ordinance 28-92.d requires registration and proper liability insurance on golf carts in the Village. The insurance can be no less than the minimum coverage required for motor vehicles in North Carolina.

After an analysis of the homeowner's policy, the following exclusions and limitations have become apparent:

- *Homeowner's liability coverage does not apply for golf carts that are registered for use and the Village Ordinance requires registration.*

Assuming that the exclusion did not apply, there are further limitations:

- *The homeowner's policy would only apply if the residence was the official place of residence of the homeowner, and not a rental home;*
- *Guests of the homeowner would have coverage driving the golf cart only on the lot where the residence is located and not off premises;*
- *The golf cart is limited to 4 passengers and a speed less than 25 miles per hour. Some units exceed this limitation; and*
- *The homeowner's policy excludes coverage for driver injuries to a passenger who is a resident spouse or relative. The coverage for motor vehicles in North Carolina does not have this type of exclusion.*

Suitable coverage is available under a golf cart policy. The minimum limits required under the ordinance are \$85,000. A telephone inquiry with local insurance agents indicated the following premiums:

- *\$100,000 - \$95.00 per year*
- *\$300,000 - \$140.00 per year*
